### Tenth Fortnightly Crop Report 1926

Rains have continued to interfere with harvest operations practically throughout the entire province since last report, although there has been intermittent warm weather in which cutting has been done. It is estimated that about one-half of the wheat crop in the province is now cut. A much larger proportion is ready for the binder, but progress of harvesting is slow due to the periodical rains which have been frequent.

The weather is at present cool and showery, and unusually heavy rains are occurring in some districts. The effect of the precipitation on the uncut grain is not expected to be serious, and it may result in benefit to the later crop. The cut grain may suffer in quality if warm dry weather does not come soon. There has been no serious frost to date.

The prospects remain bright for a good yield of wheat. In many districts, yields of from 20 to 30 bushels and even higher, are anticipated, while in the lighter districts the yield will be as low as seven to 12 bushels. The average over the province, it is estimated at present date, will be equally as large, if not larger, than last year. Prospects are for heavier yields of oats and barley than at first expected, but these crops will be lighter than last year at best, and much of the oats for grain may be cut for green feed.

The acreages in the various crops this year, as arrived at between the dominion and provincial departments are as follows:

Wheat 6,276,192; oats for grain 2,478,484; oats for feed 1,359,560; barley 513,000; rye 130,800 and flax 5,000. Wheat shows the greatest increase over 1925. The figures quoted are preliminary estimates and are subject to revision when the census figures, taken June, become available.

A shortage in harvest help has been reported, labor seemingly not being available to the extent of former years. It is hoped that with the delay caused by the rain and with the arrival of later excursions, the situation will be remedied.

### Rod and Gun for Month of September

A collection of articles of real sport in various parts of the Dominion sums up the contents of the September issue of Rod and Gun, the Canadian sport magazine which is just out. An interesting article on some experiences with moose principally in Eastern Canada, by W. J. McNulty, appears followed by an amusing story of a British Columbia trip, and many other interesting articles. Rod and Gun is published monthly by W. J. Taylor, Ltd., Woodstock, Ont.

### The Several Boy Clubs Have a Big Supper

On Friday evening at 6.30 p.m. the Tuxis, Trail Rangers and Beavers gathered in the Town Hall to inaugurate their autumn work with a banquet prepared by the mothers. The tables were very prettily decorated in Club colors and artistically arranged with flowers. Forty-five boys with their Mentor sat down to supper and gave every indication of being on to their job, and quite well able to go over the top on this occasion. The plentifully-spread tables soon grew empty and busy mothers were kept hurrying to and fro to keep up with the demand. After supper an hour's sing-song was put over by the boys, with some guessing contests under Mr. Wood's leadership after which the boys united in three cheers for the mother who had assisted them. Mrs. Flewelling responded on their behalf in a few well chosen words, and after getting together again for dismissal in their usual custom, with the Omaha Tribal Prayer, they dispersed for the night.

The fire inspector was in town this week.

Mr. Baugh and son of Pollockville, returned on Tuesday after a visit with his brother, J. F. Baugh.

Lord Clarendon, under secretary of State for Dominion Affairs in the British Government, was a visitor to Edmonton during the past week and discussed with the Hon. Geo. Hoadley, Acting Premier, matters pertaining to settlement of Britishers in Alberta.

### Wife and Husband Both Ill With Gas

"For years I had gas on the stomach. The first dose of Adlerika helped. I now sleep well and all gas is gone. It also helped my husband," (signed) Mrs. E. Brinkley. ONE spoonful Adlerika removes GAS and often brings astonishing relief to the stomach. Stops that old, waste matter you never thought was in your system. Adlerika is wonderful for chronic constipation. Devereaux Drug Co.

## Around the Town

Mrs. A. W. King spent the  
week-end in Calgary.

Mrs. Sage and daughter, of  
Hanna, spent the week-end  
with her son, D. Sage, of the  
C.N.R.

Mr. and Mrs. Geo. Jackson  
spent Monday in Bashaw.

Mrs. Mathers and son, of Tre-  
chu, spent Sunday with her  
brothers, Messrs. S. and F.  
PHELPS.

Those who have been occupy-  
ing cottages on Buffalo Lake  
beach are now returning to  
their homes.

Mrs. N. Saries spent the week  
end at Ardley.

Mrs. N. Gaskill is visiting  
with friends at Edmonton.

Mr. McEuchren arrived on  
Tuesday from Jasper.

Mr. and Mrs. J. A. Goddard, of  
Los Angeles, are visiting his  
sister, Mrs. N. Devereaux.

Mrs. R. W. MacDonnell and  
daughter have returned from  
the Old Country.

Mr. F. Durrant has been ap-  
pointed lay delegate to repre-  
sent the Anglican church to at-  
tend synod to elect a bishop.

The political meetings held in  
the town by the different can-  
didates were poorly attended.  
It is hoped that the voters will  
not be as scarce on Sept. 14th.

The members of the Eastern  
were entertained on Monday  
afternoon, the guest of honor  
being Miss H. MacLean, by Mrs.  
N. Spiece to afternoon tea. Miss  
MacLean was presented with a  
Star brooch. The presentation  
was made by Mrs. E. Smathers.

The first power binder to be  
brought into this district was  
purchased by Del. Jewell, re-  
cently. The binder is a 10-foot  
cub, made by the McCormick  
Deering Co., with the engine of  
the same make. Quite a num-  
ber have visited the scene of  
operations and are loud in its  
praises. The deal was put  
through by the local agents,  
Spiece & Son.

The ladies of the W. L. enter-  
tained at whist in honor of  
Miss H. MacLean on Monday  
evening. The guest of honor  
was presented with a pair of  
suede slippers in a suede case.  
The presentation was made by  
the president, Mrs. MacCor-  
mack. The prize winners were  
Miss MacLean and Mrs. Geo.  
Thomas.

In order to give his patients  
better service, H. J. Snell, Sight  
Specialist, has made arrange-  
ments with the W. L. to rent  
the library building (opposite  
telephone office) and will be in  
Mirror on Wednesday, Sep-  
tember 22nd, and the 3rd, Wed-  
nesday of each month thereafter.  
It should be mentioned that Mr.  
Snell gives special attention to  
children's work, and will be  
pleased to meet his old and new  
patients in his new location.

### Card of Thanks

On behalf of the family and  
relatives of my late brother, I  
desire to sincerely thank all for  
their kindness and sympathy  
shown in our bereavement, and

## Here and There

Whaling operations off the coast  
of British Columbia this year have  
been very successful, and to the end  
of July the fleet had caught 182  
whales. There are only six  
steamers operating this year, while  
last year the number was eight.  
The weather has been good to date  
and very little fog has been en-  
countered.

Fire chiefs representing the sta-  
tions in Montreal and various new-  
spapers left over the Canadian  
Pacific lines about twenty strong  
for Windsor recently to attend the  
annual convention of the Dominion  
Association of Fire Chiefs, which  
was held August 24th to 26th. The  
Association is made up of over 200  
chiefs from all parts of the Do-  
minion.

Nearly 2,000 racing pigeons, owned  
by pigeon racing devotees in  
Montreal, were shipped through the  
Canadian Pacific Express yards at  
Montreal, recently to various points  
in Quebec and Ontario where they  
were released by the agents at the  
points to which they were shipped to  
fly back to their home roosts in  
Montreal. Practice races of this  
nature have been carried on through  
the summer months.

Thomas Melghan arrived in Win-  
nipeg recently from Chicago prior  
to beginning work on his next pic-  
ture, "The Canadian". The wheat  
fields of the Canadian West will be  
the background for this picture.  
The location men and other mem-  
bers of the troupe passed through  
Montreal earlier on their way to the  
west where they were joined by  
Thomas Melghan, and they are look-  
ing over the Calgary district for a  
suitable location.

Announcement was made at the  
headquarters of the Canadian Pa-  
cific Railway at Toronto recently  
that, effective September 1st,  
Robert Niven, theatrical and special  
business clerk in the passenger de-  
partment of the Company at Mont-  
real, has been appointed assistant  
district passenger agent at Toronto.  
Mr. Niven is well known to the  
theatrical fraternity passing through  
Montreal with whom he came in  
contact in his business.

"I am convinced that Canada  
offers unlimited possibilities for  
immigrants from the Old Country,"  
said the Marquis of Salisbury,  
Chairman of the Empire's Parlia-  
mentary Association and leader of  
the Conservatives in the British  
House of Lords, when interviewed at  
Vancouver recently.

His Lordship sailed recently from  
Vancouver to Australia to attend  
the Empire Parliamentary Associa-  
tion Conference in that Dominion  
this fall.

The first automatic or "remote"  
control power plant on the North  
American continent is to be built at  
the Slave Lake side of the tunnel  
connecting that body of water with  
Alouette Lake. The contract has  
been let by the British Columbia  
Electric Railway to a Vancouver  
construction company at a price of  
\$500,000. The total cost of con-  
structing a dam across the Alouette  
River, building a tunnel connecting  
the lake with Slave Lake and erect-  
ing a new power house will be ap-  
proximately \$2,800,000.

Over 50,000 railway cars which if  
placed end to end would stretch  
more than 400 miles are now avail-  
able on the western line of the  
Canadian Pacific Railway to handle  
the fall traffic in grain and live  
stock. The combined capacity of the  
41,316 box cars for the grain crop  
which will be transported to the  
head of the lake is 470,000 tons.  
These are capable of carrying  
60,330,000 bushels of grain each  
trip. Estimating that the cars  
make five trips between the grain  
fields and the head of the lakes of  
Vancouver, the Canadian Pacific  
Railway Company is in a position to  
handle more than 300,000,000 bushels  
during the four months of the grain  
push.

The proprietor of the Mirror  
Hotel is having electric lights  
installed.

The frost which visited this  
district on Tuesday night did  
not do any material damage  
except to the corn.

## Here and There

Vancouver—All passenger records  
for outgoing ships to the Orient  
from the Pacific Coast up to the  
middle of August were shattered  
when Canadian Pacific liner Em-  
press of Russia sailed for Yoko-  
hama, August 10, with a passen-  
ger list of all classes of 517 in ad-  
dition to many members of the di-  
plomatic and government services  
returning after vacations.

Divan Bahadur Sir T. Vijayar-  
ghavacharya arrived recently from  
London on Canadian Pacific liner  
Montcalm at Montreal, en route to  
Toronto where he will open the Na-  
tional Exhibition at Toronto. The  
Knight with the lengthy name gets  
over the difficulty for Canadian lips  
by stating that it is quite proper to  
address him as "The Divan." He  
may tour other Canadian cities on  
leaving Toronto.

Banff Springs—"The last time I  
visited Banff was over 30 years ago  
and the trip this year has been a  
most wonderful revelation," said  
Brigadier-General H. S. Birkett,  
of Montreal, who stayed at the Banff  
Springs Hotel on his return from a  
trip to Alaska. This coincides with  
the opinion of Morley Roberts, fa-  
mous English novelist, who after a  
forty year absence from the West,  
took part in the last Trail Riders  
expedition early in August.

Calgary—This city had an excit-  
ing moment recently when the Most  
Honorable the Marquis of Salisbury,  
leader of the British Conservative  
party in the House of Lords, was  
made an Indian Chief of the Sar-  
ces and given the name of "Engle  
Plume." The ceremony was con-  
ducted with all solemnity, His Lord-  
ship kneeling on a blanket to re-  
ceive the honor, and being at the  
same time presented with a hand-  
some beaded buckskin vest and  
gloves.

Beating the train to the crossing  
is always a risk in favor of the  
train but when a motorist faults his  
car and waits until an engine is en-  
route alongside him before he tries  
to get over, then the risk becomes  
an absolute certainty—against the  
motorist. This was the case recent-  
ly in Toronto where a car was sig-  
nalled to stop by the watchman at  
a crossing, obeyed the signal and  
then decided he would still try and  
get over. Fortunately there were no  
injuries and the only sufferer was  
the automobile.

Pictures of Gertrude Ederle's  
swimming of the English Channel  
were sent aboard Canadian Pacific  
liner Empress of Scotland at the  
last minute at Southampton and  
then passed to a waterplane near  
Antwerp and by it delivered to air-  
planes at Rimouski, thus beating  
other pictures sent by mail to New  
York on ocean liners by a full  
twenty-four hours. This is regarded  
as one of the cleverest and speediest  
methods of reaching this continent  
from Great Britain that has ever  
been successfully accomplished.

Members of the Empire Parlia-  
mentary Association, numbering  
twenty-one delegates from the Par-  
liaments of the United Kingdom and  
the Irish Free State arrived in Can-  
ada recently on board Canadian Pa-  
cific liner Empress of Scotland.  
They travelled across the Dominion  
from Quebec to Vancouver, stopping  
en route at Montreal, Ottawa, To-  
ronto, Winnipeg and Vancouver.  
They sailed by E.S. Rogers from  
Vancouver, August 25 for Sydney,  
Australia, where they will attend  
the Association Conference to be  
held in September and October.
